Raymond Poirier
31068 Silverdale Drive
Novi, MI 48322

Dear Raymond,

Thank you for taking the training with Global Information Technology (GIT), the premier provider of I.T. training and consulting services since 1999. Officially, you are a successful graduate of GIT having completed your training on **Oracle 11g DBA**. Your certificate will serve as a symbol of your hard work and perseverance, which is recognized by the Michigan Department of Labor and Economic Growth, as a state-licensed program. We are proud of your accomplishment and we encourage all of our students to move forth with the vendor-specific certification. This will allow one to take their credentials to the next level.

As a GIT alumnus I hope you continue to enhance our programs by recommending your friends and family members to make GIT their I.T. training school of choice. If you feel that there is anything we can do to improve our program, please feel free to put forth your input, as we are not above anyone's constructive criticism. Also, we would appreciate it if you could take the time to write us a brief reference letter describing your experience here at GIT and indicate what you thought about the training, faculty, technology/equipment, GIT Staff, and atmosphere should you feel there is merit in doing so.

If we may be of further assistance to you with our education, certification, or guidance in job-placement feel free to get in contact with us. Also, be sure to have your updated resume (hard and soft copy) on file with GIT as we are always on the lookout for a suitable assignment for our students. Once again, congratulations on your fine accomplishment!

Sincerely,

Esa Khalid | Director
